Foldable Solar Panel 82501

In case of connecting the solar panel directly to a solar charge controller:

Cut off plugs to connect to most solar charge controllers.

It is recommended to install a solar charge controller between solar panel and car battery in order to avoid an overload / damage of the battery.

- 50W (82501)
- High efficiency 17%
- Integrated eyelets for an easy and fast installation
- Lightweight
- Small pack size
- Incl. protection bag

Technical specifications:

Brand:	Carbest
Dimensions open:	ca. 128 x 69,5 x 0,8 cm
Dimensions folded:	ca. 36 x 26 x 11 cm
Weight:	3,5 kg
Material:	black Canvas (waterproof)
Max Power voltage:	17,42 V
Solar cell:	monocrystalline solar cell
Connectable in series:	up to 3 panels*
Cable length:	ca. 3m
Integrated metal eyelets	

* Item 82504: Connection cable for interconnecting up to 3 panels
